

# Sample PDF Document 1

This is the first sample PDF document.

It was created to test the PDF merger script.

Features of this document:

- Simple text content
- Single page layout
- Standard letter size

This document should appear first in the merged output.

# Sample PDF Document 2

This is the second sample PDF document.

It will be merged with the first document.

Contents:

- Additional test content
- Different title color
- Same page structure

This document should appear second in the merged output.
